Adapter Top, to convert HW/SMP-6D to hold four 2 1/2-quart insets, 21624

Inset, 2 1/2-quart capacity with lid, 20773

Inset, 4-quart capacity with lid, 20774

Inset, 7-quart capacity with lid, 20587

Inset, 11-quart capacity with lid, 20908

Wellslok Extension Kit, designed for countertops up to 1 1/2" thick, refer to installation instructions, 22593

Wells HW/SMP-6D Built-In Cook 'N Hold Warmer is designed for efficiency. The tubular immersion element allows for rapid heat transfer into the water. Wells Cook 'N Hold Warmers quickly heat food from a refrigerated state to serving temperature.

Features

- **The tubular element,** located inside the well, is controlled by a positive-off thermostat and allows for quicker heating.
- **The positive-off thermostat** is recessed in a one-piece, drawn, front-mounted panel.
- **Warming pan is deep-drawn, stainless steel** for maximum strength and durability and has a 1/2" drain.
- **Wellslok** provides quick and easy installation in stainless steel countertops.
- This warmer is designed for **wet operation only.**
- **The HW/SMP-6D Cook 'N Hold Warmer** is Underwriters Laboratories, Inc. LISTED and meets NSF International standards.
- **A one-year warranty** against defects covers parts and labor.

LISTED E6070 STD.4
